A Tariff 22.A licence gives you the right to communicate musical Works to the public by telecommunication in connection with the operation of an online music service. An *online music service* means a service that delivers streams of music or music videos to end users (subscribers and unique visitors.) It does not include a service that offers only streams in which the file is selected by the service, which can only be listened to at a time chosen by the service and for which no advance play list is published.

Please contact us if you have other music uses. You may need to be licensed under other tariffs. This tariff does not apply to uses covered by other applicable tariffs, including SOCAN Tariffs 16 and 24, or to the use of a musical work in a videoclip other than a music video.
